General Information

1. Preamble:

The Japan Platform (hereinafter referred to as "JPF") is an international emergency humanitarian aid organization which offers the most effective and prompt emergency aid in response to humanitarian needs, focusing on issues of refugees and natural disasters. JPF conducts such aid through a tripartite cooperation system where NGOs, business communities, and the government of Japan work in close cooperation, based on equal partnership, and making the most of the respective sectors' characteristics and resources.

JPF serves as an intermediary support organization providing various types of assistance to member NGOs in Japan to deliver quick and comprehensive aid on their own. JPF has supported aid activities of 44 member NGOs, each with its own set of diverse strengths. It has delivered humanitarian assistance to 55 nations and regions about 1,500 project, with a total financial contribution of 60 billion yen. JPF has built a strong reputation based on trust by promoting cooperation among private sectors and NGOs and by accurately reporting all of its activities. Established in 2000, JPF has been providing emergency relief in conflict affected countries as well as disaster-stricken regions including South-Sudan, Syria, Iraq, Afghanistan, Yemen, Venezuela, Bangladesh and others. To ensure the quality of the assistance and promote accountability, JPF is seeking qualified Monitoring and Evaluation specialists. Please find attached JPF Information Leaflet as Annex 1. More information on JPF can be found at <http://www.japanplatform.org/E/>.
