

TENDER DOSSIER

Request for Proposals for Third-party Evaluation of JPF Funded Projects in Bangladesh

**Tender Reference:
JPF-BGD-21-002**

December 2021

A - INSTRUCTIONS TO BIDDERS

In submitting a tender, the bidder accepts in full and without restriction the special and general conditions governing this contract as the sole basis of this tendering procedure, whatever his own conditions of sale may be, which hereby waives.

Bidders are expected to examine carefully and comply with all instructions, forms, provisions and specifications contained in this tender dossier. Failure to submit a tender containing all the required information and documentation within the deadline specified will lead to the rejection of the tender.

No account can be taken of any reservation in the tender as regards the tender dossier; any reservation will result in the immediate rejection of the tender without further evaluation.

Tender procedures will be conducted by authorized Japan Platform personnel and the decision will be given by the tender committee. If requested, representatives from the back donor or partner organizations can attend to the tender committee as an observer.

1. Preamble:

The Japan Platform (hereinafter referred to as "JPF") is an international emergency humanitarian aid organization which offers the most effective and prompt emergency aid in response to humanitarian needs, focusing on issues of refugees and natural disasters. JPF conducts such aid through a tripartite cooperation system where NGOs, business communities, and the government of Japan work in close cooperation, based on equal partnership, and making the most of the respective sectors' characteristics and resources.

JPF serves as an intermediary support organization providing various types of assistance to member NGOs in Japan to deliver quick and comprehensive aid on their own. JPF has supported aid activities of 44 member NGOs, each with its own set of diverse strengths. It has delivered humanitarian assistance to 55 nations and regions about 1,500 project, with a total financial contribution of 60 billion yen. JPF has built a strong reputation based on trust by promoting cooperation among private sectors and NGOs and by accurately reporting all of its activities. Please find attached JPF Information Leaflet as Annex 1. More information on JPF can be found at <http://www.japanplatform.org/E/>.

2. Purpose of the Request for Proposals

The purpose of this request for proposals (RFP) is to solicit competitive offers for the provision of Third-party project evaluation services for ongoing 3 JPF projects which are being funded by JPF and implemented by member NGOs in Cox's Bazar, Bangladesh.

JPF seeks to contract a TPM entity to accurately capture information, verify activities and analyse data on these project activities. JPF will use the outcome of this evaluation to improve the current and future projects and programme. The evaluation reports will be made available to public as a part of JPF's activity to ensure accountability to the donor and public.

The main objectives of evaluation are;

- To verify actual outputs and if possible outcomes of the project with the available data
- To verify that the humanitarian principles and standards including Core Humanitarian Standards (CHS) are respected
- To understand the beneficiary satisfaction

- To assess the contributions of the project to Joint Response Plan 2021 and JPF's program goals (JPF program objectives are attached as Annex 3)
- To document and extract lessons learned and best practices and provide robust recommendations to improve the future projects and programme.

In addition to above, JPF is keen to explore how it may advance the localization agenda called for since the 2016 World Humanitarian Summit. Although JPF has not consciously taken the localization agenda into account in developing the program strategy, its portfolio or financing modalities, it hopes to revisit the current ways of working vis-à-vis the localization agenda and explore how it delivers on the localization agenda in moving forward.

3. Scope of Services

This RFP encompasses the evaluation of ongoing three (3) projects as part of JPF accountability and learning initiatives for quality improvement. Prior to the start of data collection for evaluation activities, the selected contractor will closely collaborate with JPF and member NGO headquarters in Japan to develop data collection tools, field visit protocols and reporting formats. JPF will provide the contractor with relevant documentation, including approved projects proposals and other relevant information. The contractor is expected to conduct a review of project documentation prior to undertaking field visits. All documentation shared with the contractor is considered confidential and a data protection protocol will be signed as part of the agreement.

The projects brief information for each project can be found as an Annex 2 – Project Summary Document for Evaluation to this document. The field activities for three projects are expected to be conducted during the month of February, June and July 2022 respectively. (Subject to change depending on the progress of each project)

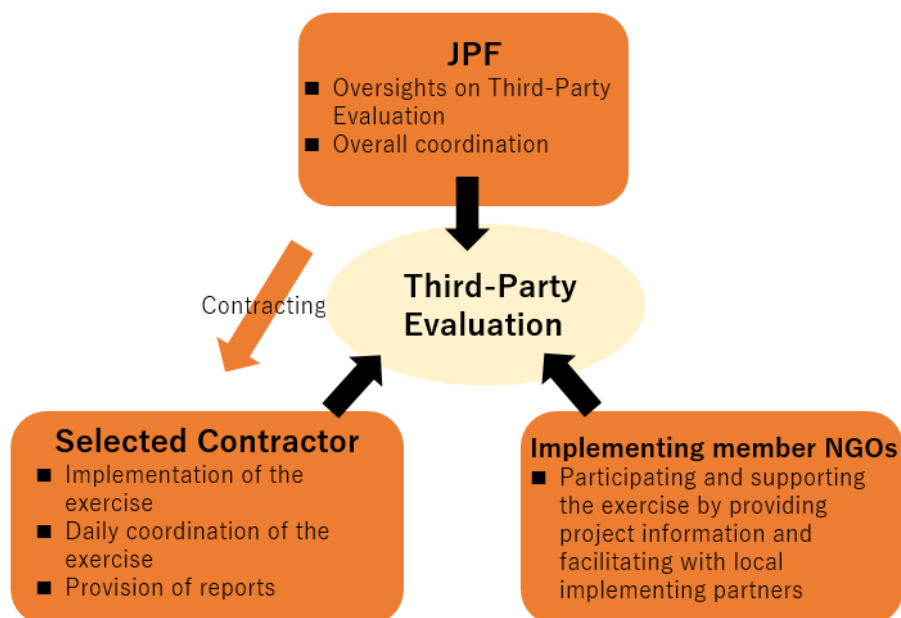

The TPE entity should have access to the project locations and should process all required permissions from the authorities prior to the implementation of the field work.

The criteria of value used for this evaluation is CHS and therefore it is essential that the selected contractor possesses a good understanding of this standard and past experience in conducting evaluation using CHS (See Annex4: JPF Evaluation Framework). Moreover, the selected contractor, and in particular the assigned team, is typically expected to be competent and have proven experience in the following;

- Desk review of the implementing partner's project documents; including but not limited to approved project proposal, project log frame, needs assessments, beneficiary selection criteria, latest project progress report and any other relevant document.
- Sample selection methodologies
- Beneficiary surveys to verify that;
 - HHs received the proposed service or input;
 - Measure project outcomes;
- Key indicators as defined in the proposal and relevant clusters
- Project Site visits and verification of project activities
- In depth interviews with beneficiaries to collect success stories
- Key Informant Interview with stakeholders
- Focus Group Discussions
- Country and sector context analysis

In order to assess the competency and consideration of the individuals and institutions submitting proposals with regards to COVID-19 preventive measures, this RFP is requiring a submission of one to two-page plan of free format stating organization policy toward preventive measure against COVID-19 together with other required documents. The plan should inform the approach to the data collection and any other information deemed necessary to demonstrate the ability to conduct data collection with much consideration on COVID-19 outbreak in general.

JPF has a unique system, acts as an intermediary support organization providing various types of assistance to its member NGOs in Japan. In such third party monitoring implementation, JPF follows the TPE implementation structure as below;

4. Expected Activities and Deliverables

The contractor will report directly to JPF but will work closely with the member NGOs and project implementing partners. During the course of the field level data collection, the contractor is expected to provide JPF with timely feedback, notably in instances where immediate attention or action is warranted. For all tasks specific tools and templates will be developed and agreed to between JPF and the contractor following signing of the contract. It is expected that the reports provided by the contractor will adhere to the agreed upon templates. For all remaining tasks, general approaches will be developed and agreed to between JPF and the contractor, upon signing of the contract.

It is expected from the TPE entity to undertake below mentioned activities and deliverables are underlined;

- To organize a pre-inception meeting/call with JPF and review documents from the member NGOs to gather required information for the inception report.
- To provide three inception reports specific per project with a detailed work plan and methodology and data collection tools, proposed schedule of site visits and sample beneficiary and key informant selection strategy and list of data to be collected.
- To organize three separate inception meetings with JPF and project implementing NGOs to discuss the details of the evaluation objectives, scope, targets, data processing and analysing, allocated team and reporting.

- To implement the work plan including scheduled visits, capturing and analyzing data in a timely and accurate manner and some qualitative assessment of select sample of sites.
- To produce two success stories per project.
- To submit final evaluation reports separate for each project as per the agreed format. It is expected TPE entity to submit a draft report and after two rounds of feedback to submit a final report. The reports must be accompanied by raw-data and visuals collected during the contract period.
- To organise 3 separate debriefing meetings and present details, findings and recommendations of the exercise to JPF, member NGOs and project implementation NGOs.

In the face of outbreak of COVID-19 worldwide, all discussions will be undertaken on line.
